APP ENABLING THE EXPORT OF DATA REQUIRED BY THE LUXEMBURGISH TAX AUTHORITIES

eCDF recapitulative statement

Factsheet

MADE IN
LUXEMBOURG

What can this app do?

APP Interface EU-Sales list for eCDF is an app enabling the export of data required by the Luxemburgish tax authorities with additional specific fields and format. It is exporting the data of the EC Sales list from Business Central, fulfilling the logic of the eCDF portal.

In general, you have to upload your data onto the eCDF portal to do your EC Sales List. On the one hand, you can enter your data manually. On the other hand, the eCDF portal provides the possibility to upload xml file with a predefined structure and format.

Our app enables you to directly export the data out of your Business Central and puts the data in the xml file the correct way. So you are able to upload the XML file in the eCDF portal without entering your data manually.
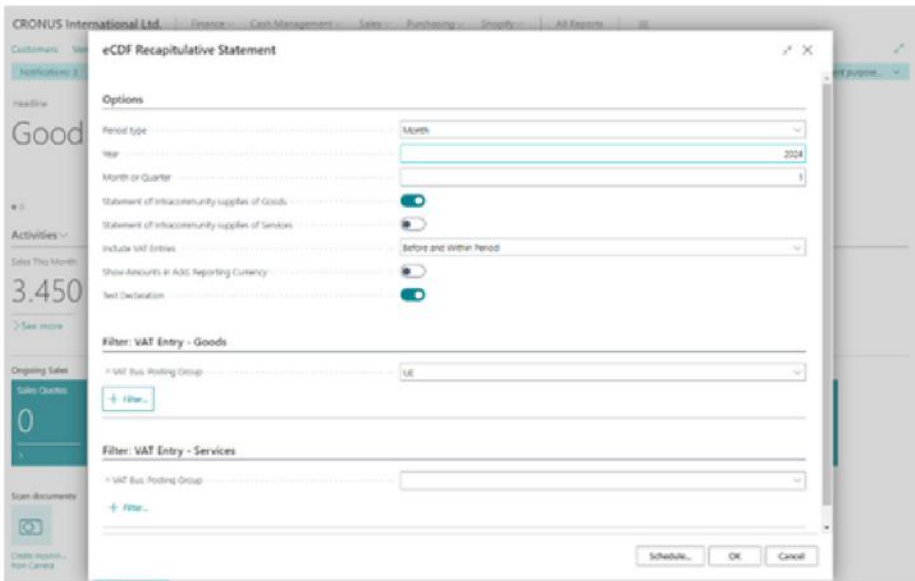

Available Features

- Generation of the compliant file for your desired time period
- Generation of decimal places in the transactions, needed in Luxembourg

Benefits

- Application based on the global W1 database
- You save time and effort in your EC Sales list. Furthermore, the risk of incorrect manual entry is eliminated by using this app to upload the data into the eCDF portal
